# About Us

BARNA International established in 1932, by Late Ch. Lal Din, the illustrious father of Abdul Razzaq Ch. the Chief Executive, rose to the occasion and started manufacturing of cricket bats in 1932. Cricket was not so popular in those days. But, the tennis & badminton rackets of Sialkot were so beautiful and attractive that their demands were pouring in beyond and above the capacity of production facilities. Exporters of Sialkot, taking benefits of favourable trend of the importers started exporting cricket bats and accessories too. Sialkot – made cricket bats were so ardently welcomed that export of cricket sets surpassed all other exportable articles.

To meet the challenges of ever enrichment of changing Society and meet the tough International technical specifications, we have brought drastic changes. After the death of Abdul Razzaq Ch. In 2011, Now his sons Mr. Mobeen Razzaq & Mr. Moneeb Razzaq are taking care of the business.

We are proud and pleased to inform our worthy business partner and all others, that we are ISO-9002 certified company and we comply with environmental regulations, Ethical Social Compliance, we strictly believe that only a well organized and persistent International Quality System would satisfy the demands and requirements of our customers around the World. We have our Quality policy, which is established and implemented in all phases of in our Quality Management System. Whose important points are stated as under:-

- 1)Barna International will continue to strive for customer needs and satisfaction by understanding and fulfilling their requirements on time and every time..
- 2)Continuous improvement in product and process, by evaluation and proper training.
- 3)To meet the requirements of our worthy customers on time, and every time around the clock.
- 4)To encourage employees participation and training.
- 5)Employees & customers are encouraged to make suggestions that will improve the quality of our products.

The ultimate goal of our business, however is the perpetual existence. To this end our emphasis has been placed on steadiness and growth with particular attention is paid to research development and innovations.

We sincerely hope that we have already laid the foundation of perpetual existence as a result of our infusing new blood with new product, new technology, and new method of management.

Barna is a specialist in sporting implements manufacturing, and possess 81 years of experience at its credit, Our tactical innovation has won a great reputation globally, particularly in the pacific region e.g, Australia, New Zealand, South Africa & United Kingdom. We are fully capable to respond to any feasible inquiry regarding, cricket bats, sets, and its accessories. We believe in expending our manufacturing capacity in compliance with the demands of our existing and prospective clients & patrons.

BARNA, is not simply a name. It is a historical event, which occurred in 1932 with the advent of its birth. BARNA, progressing gradually, has culminated to the climax. But this is not the end. We are struggling hard to surpass all the obstacles, coming in the way of steady progress. We excel to win the goal with the active support & patronization of our business partners and well wishers.

# English Willow Cricket Bats
